

Rescue Hub, founded in late 2015, is a 100% volunteer run, Not-for-Profit Charity, and an NSW Government Approved rescue, who save the dogs on death row, the ones left behind, from NSW pounds and shelters. We take these dogs into our care and provide medical and holistic support, rehabilitation and training to help them find their forever homes

Cover: ALINA

Alina is a beautiful girl. We know little of her history other than that she was dragged into the shelter on a catch pole. Her traumatic past has made her wary of strangers, but once she trusts them, she becomes your best mate. Loving other dogs and guiding them are some of her many strengths - she's a truly special dog who often telepathically senses your feelings. In the right home, this goddess would create great warmth,
